Effective Days

Each day in a week (Monday through Sunday) that you qualify for benefits is called an effective day. There is a maximum of 4 effective days each week, and you must qualify for all 4 effective days in order to receive your total weekly benefit rate. For each day in the week that you are not eligible to receive benefits, you will receive one less effective day, which is equivalent to one fourth of your weekly benefit rate. For example, if you are not available to work one day in a week, or if you have worked any part of a day, or have received vacation or holiday pay for one day in a week, your benefits will be reduced by one effective day (the same as one-quarter of your benefit rate). You can receive a maximum of 104 effective days on your claim.

Once your claim becomes payable, you may see fewer effective days remaining. This means you are being paid for those days and will soon see this change reflected via the funds in your bank account or debit card.

If three days have passed since a payment was released and the funds are not in your account, you

should contact KeyBank Customer Service at (866) 295-2955 if you have a debit card. If you have direct deposit, contact your bank. If there is a holiday in a given week, payments may be delayed by one day that week.
